-----

from my Android app, I would like to open a link to a Facebook profile in the official Facebook app (if the app is installed, of course). For iPhone, there exists the fb:// URL scheme, but

I am trying to extract the url for facebook video file page from the facebook video link but I am not able to proceed how. For example: The facebook video url I have is:

From EV charging stations to expansive parking structures, our commercial solar carports offer innovative solutions that combine functionality with sustainable energy production.

Featuring modular design for easy expansion on both AC and DC sides, these systems support multiple operating modes including self-consumption, peak shaving, and forced charge/discharge.

Sunwoda's OASIS 60 is a modular, high-performance battery energy storage system designed for commercial and industrial scale applications.

We specialize in all-in-one and modular solar power systems, including stackable lithium battery cabinets, wall-mounted ESS, and hybrid solar inverters.

In my Facebook account, where can I find these application IDs, secret key, all?

PKENERGY's modular energy storage cabinets are designed for flexibility. Power capacities can range from 60kWh up to 250kWh by combining multiple units in parallel. Whether

Jamaica's electricity cost is among the highest in the Caribbean. Long-term grid instability, frequent outages, and rising JPS bills make solar not only a savings solution, but also a reliability upgrade.

## Comparative test of 60kWh modular solar cabinet systems in jamaica

In the facebook developers console for your app, go to App Review-> Permissions and Features. Set the public\_profile and email to have advanced access. This will allow all facebook

The 60KWH capacity of the battery pack allows for extended energy storage, providing a reliable power supply even during periods of low solar energy generation or during peak electricity demand.

GoodWe, a leading global solar inverter manufacturer and energy solutions provider, enhances its commercial and industrial (C& I) energy storage portfolio with its latest
