Con control inteligente, alta eficiencia de conversión y baja pérdida en espera, garantiza un uso óptimo de la energía al tiempo que reduce los costos operativos.

This fully integrated 100kW/215kWh system combines high-density battery storage with intelligent power management in a single, factory-assembled unit - delivering unmatched performance and reliability

Configured with a rack-mounted modular PCS, it supports parallel connection of multiple machines and has good scalability; the number of PCS modules and the total battery power can be selected

The outdoor battery enclosure is a housing, cabinet, or box that can be used outdoor and specifically designed to store or isolate the battery and all its accessories from the external environment.

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.

Anern liquid cooling energy storage system cabinet is an energy storage device based on 100kw lithium battery. C& I energy storage system. High energy density, high charging and discharging power, long

Some battery boxes are large enough to be considered battery cabinets and are usually made from painted steel. Battery enclosures keep your batteries safe from weather and safe from theft.

Equipped with rack-mounted modular PCS, which supports multi-machine parallel connection and has good scalability; the number of PCS modules and total battery power can be selected according

Customized 100kW IP54 Battery Cabinet for Mining

to

The commercial battery storage cabinet adopts IP54 cabinet protection system, which can prevent dust, rain, and sand. Combined with the air cooling system, it optimizes the heat dissipation channel and
