-----

VGC has reported that the US FTC has officially dropped its opposition to Microsoft's Activision Blizzard deal. On May 22nd, the US FTC released a final ruling in its appeal

Activision has legally demanded that I stop leaking and disseminating confidential information related to Call of Duty/Activision and I am complying with their demands. Still gonna stick

Activision still sells older CoD games (pre-BO3) despite them still having remote code execution exploits (even registered by the NVD)

Activision had a higher 2600 game quality standard (for example in graphics) than Atari. But did that really matter? Meaning, a game is fun or it is not. Does it really matter if the

Activision also produced a good number of catalogs, from their early days as the first third-party publisher with only six titles, to their later times when they were also publishing Imagic titles. Most

Activision used to make the greatest games back in the Atari VCS days, even rivaling some of Atari's own. Now it seems like everything they produce on modern consoles is

Overwatch co-creator Jeff Kaplan was the public face of Overwatch before he left Activision Blizzard in 2021. If you were interested in videogames between 2014 and 2021, it's likely

PS1/N64/Dreamcast Spider-Man was one of my favorite games growing up. I would love to be able to replay it on modern stuff. I wouldn't be shocked if we got collections of 8-bit

# Proyecto de operación y mantenimiento de la central eléctrica de almacenamiento de energía de Túnez

All, I just had to put this listing together for some of the people here on my side. I thought that I would go-ahead and post this here, before I lose this in the flood of emails I keep. If

Activision Prototypes Released! Thanks to our friends at Activision, Thomas Jentsch, and Matt Reichert, we are proud to make available the binaries for several unreleased Activision games and
